OnBase® by Hyland
One platform

Simplify your IT environment and reduce information silos with OnBase, a single enterprise information platform for managing content, processes and cases. OnBase provides these capabilities on a single platform:

- **Enterprise Content Management (ECM)**
  A market leader in ECM*

- **Case Management**
  An award-winning and analyst-recognized case management platform**

- **Business Process Management (BPM)**
  Includes a highly configurable workflow engine

- **Capture**
  A multi-channel capture software suite

- **Enterprise File Sync and Share (EFSS)**
  Available with ShareBase, a complementary offering designed to interact with OnBase

All solutions and applications built on OnBase are available on-premises or in the cloud and benefit from these core platform strengths:

- **Mobile**
  Native apps developed for iPad®, iPhone®, Android® and Windows® Phone

- **Integrations**
  Configurable tools to integrate with any application, including cloud-based applications

- **Security**
  Native security options protect your information at rest, in motion and in use

With OnBase “One” means “One.” The OnBase platform is not a collection of separate products presented under one brand or offered by the same vendor. OnBase is truly a single technology platform sharing one database, content repository and codebase. OnBase gives you one platform to install, upgrade, secure, protect and integrate, instead of a diverse portfolio of different information technologies to manage.

Unlimited potential

The OnBase platform provides the foundation for solutions across your enterprise. OnBase has transformed thousands of organizations in multiple industries around the world, empowering them to become more agile, efficient and effective.

One platform offers you:

- **Unlimited potential solutions**
  By combining multiple capabilities on one highly configurable and scalable platform, OnBase supports an unlimited number of solutions – from industry-specific applications unique to your organization to shared services solutions common across all industries. Hyland, creator of OnBase, and our global partner network bring decades of industry experience to the design, implementation and support of your solutions.

- **Unlimited potential to grow**
  Whether starting in a single department or deploying an enterprise-wide solution, it's easy to enhance existing solutions and add new departments as your needs change and your organization evolves. OnBase scales to support tens of thousands of users and trillions of documents on a single deployment, meaning you will never outgrow your OnBase system.

- **Unlimited potential for the future**
  With new OnBase version releases every year, your solutions benefit from the latest technology innovations and stay up-to-date with industry trends and compliance regulations. OnBase was designed from the ground up to be the most comprehensive, innovative, intuitive, best-performing enterprise information platform on the planet.
